

The logo for 'Town of Passion' features the words 'TOWN OF' in a light blue, blocky font with a white outline. Below this, the word 'PASSION' is written in a large, bold, pink font with a white outline. To the left of 'PASSION', a large, stylized pink letter 'P' with a white outline is positioned, partially overlapping the 'T' of 'TOWN'. Below the main title, the subtitle 'THE TALE OF TWO GODDESSES' is written in a smaller, black, sans-serif font, flanked by two small black dashes on either side.

Mary

To fully unlock everything with Mary, you will need the following Requirements:

Strength +1

Charm +2*

25 Gold

Each sex scene will be marked in **Pink**. Mary progresses the [Passion Storyline](#).

*Charm isn't really a requirement, only gives extra dialogue. **Indicated in which events below.**

👁️ Morning: Talk to Mary inside your home after waking up.

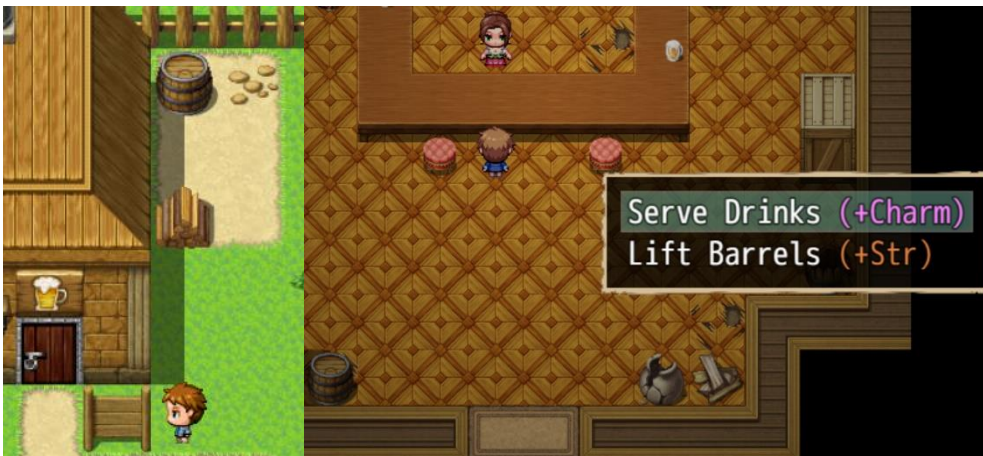

Go to the Dojo to Exercise Agility. A cut-scene will play as you enter the building, go interact with Haru – you will have [Agility Level 1](#) now.

- 📌 Middy: Talk to Mary by the Chicken Pen. She will tell you to go to Raylene.

Go to Raylene's Bar. Enter a short cut-scene and then go up to Raylene and choose Work. As Strength is not required just yet, choose Serve Drinks to get that Charm up first. **Charm Level 1** gained.

- ♥ Evening: Go back to your room to see Mary bathing, she will tell you to get out. Go to Roselyn's house and read the 49 Shades of Pink on the table. Go home to sleep.

- ♥ Morning: Talk to Mary. Go to Dojo to train Agility.

🐔 Midday: Talk to Mary at Chicken Pen. She looks frustrated.

Go find the chickens, they will be in these 3 locations:

1. By the Dojo (he runs, so be quick and corner him!).
2. By the Inn.
3. Behind the Library.

Gained “Help Out” option with Mary, this will raise your Agility during Midday. [Agility level 2](#) now gained.

- ♥ Evening: Access your room to see Mary about to bath again. Go to Raylene and Serve Drinks. Go home to sleep.
- ♥ Morning: Eat Breakfast.
- ♥ Midday: Go to bar and Serve Drinks.
- ♥ Evening: Access room again. [Charm Level 1](#) required for more [dialogue](#) before [Kiss Scene](#). Go to Roselyn’s house to read magazine again. [Charm Level 2](#) gained. Go home to sleep.
- ♥ Morning: Talk to Mary. Nothing further happens, eat Breakfast.
- ♥ Midday: Help out with Chickens and get a cut-scene.

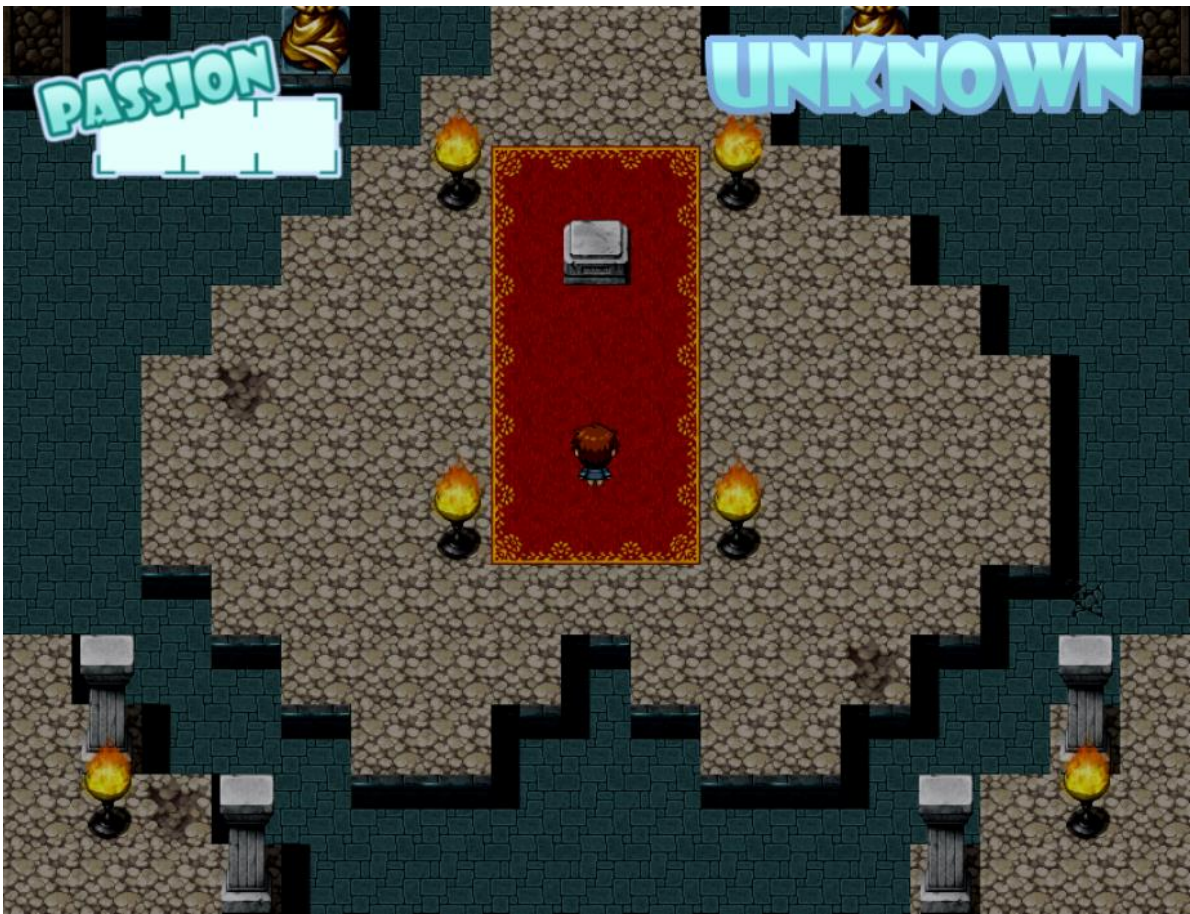

Go check out Mary in the bath again for a second variation in dialogue, then go to the Bar and [Lift Barrels](#). Go home to sleep.

- ♥ Morning: Talk to Mary. She will allow you access to bathe with her, eat Breakfast.
- ♥ Midday: Go work at the Bar and Lift Barrels. [Strength Level 1](#) gained.
- ♥ Evening: Go to Mary for a nice cut-scene, unfortunately that scene ends abruptly. Go to sleep.
- ♥ Morning: Talk to Mary, you will now need +1 Strength to proceed further.

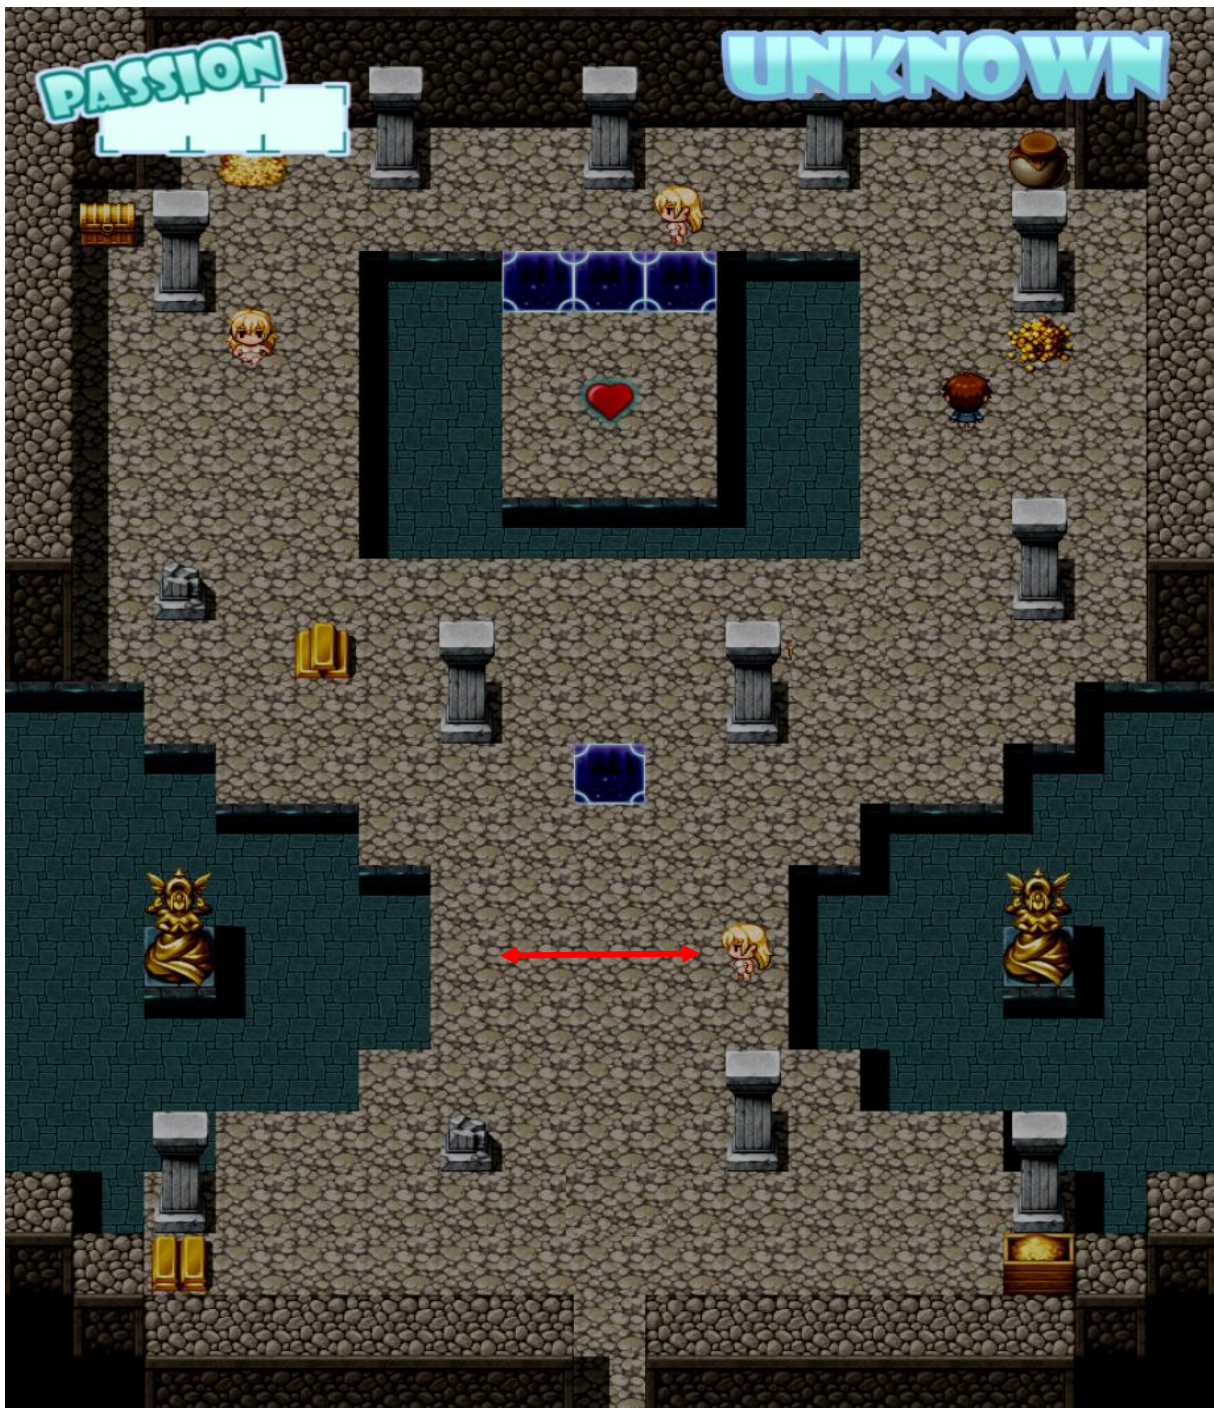

Note: Skip to evening! Check Mary in bath for second variation. You don’t have to if you don’t want to see the second dialogue variation, otherwise, skip to night and sleep.

- ♥ Morning: Eat breakfast.
- ♥ Midday: Go Help Out Mary for a cut-scene.
- ♥ Evening: Go to Mary for a cut-scene to be in the bath with her.

Mary mini-game #1:

This is Mary's Realm of Pleasure, where you must capture her heart to get an intimate scene. The Passion Bar on the left is your health, use **Vitality Tonics** if it goes down. In the next area, you will need to avoid being near or spotted by all the Marys. Move quickly passed them.

When entering, the first Mary will move in a single file as indicated by the **double Red arrow**. The above two Marys will move around the box, on the side is a golden chest.

Note: To easily slip by the two Marys, there is a gap where MC is located.

3 Goddess Coins are gained.

After Heart is captured, access to **Hand-Job scene**.

- ♥ Morning: Talk to Mary and she will ask you a question about her appearance. Charm Level 2 required for more dialogue.

Note: If your Charm isn't level 2, you'll avoid speaking your mind, but it does not take anything away.

Rest up for the day. Check Mary in the Evening again for another dialogue variation in the bath.

- ♥ Morning: Wake up and go to Mary to access a short cut-scene. Talk to Mary. Rest up for the day again.
- ♥ Night (same day): Go see Mary standing outside her room and talk to her.
- ♥ Morning: Talk to Mary, she'll tell you to get a costume made by Roselyn to go with you to the Forest.
- ♥ Midday: Talk to Roselyn at her house to get the Costume for Mary to access the Forest. Give Costume to Mary.
- ♥ Evening: Go to the bath with Mary.

Mary's mini-game #2:

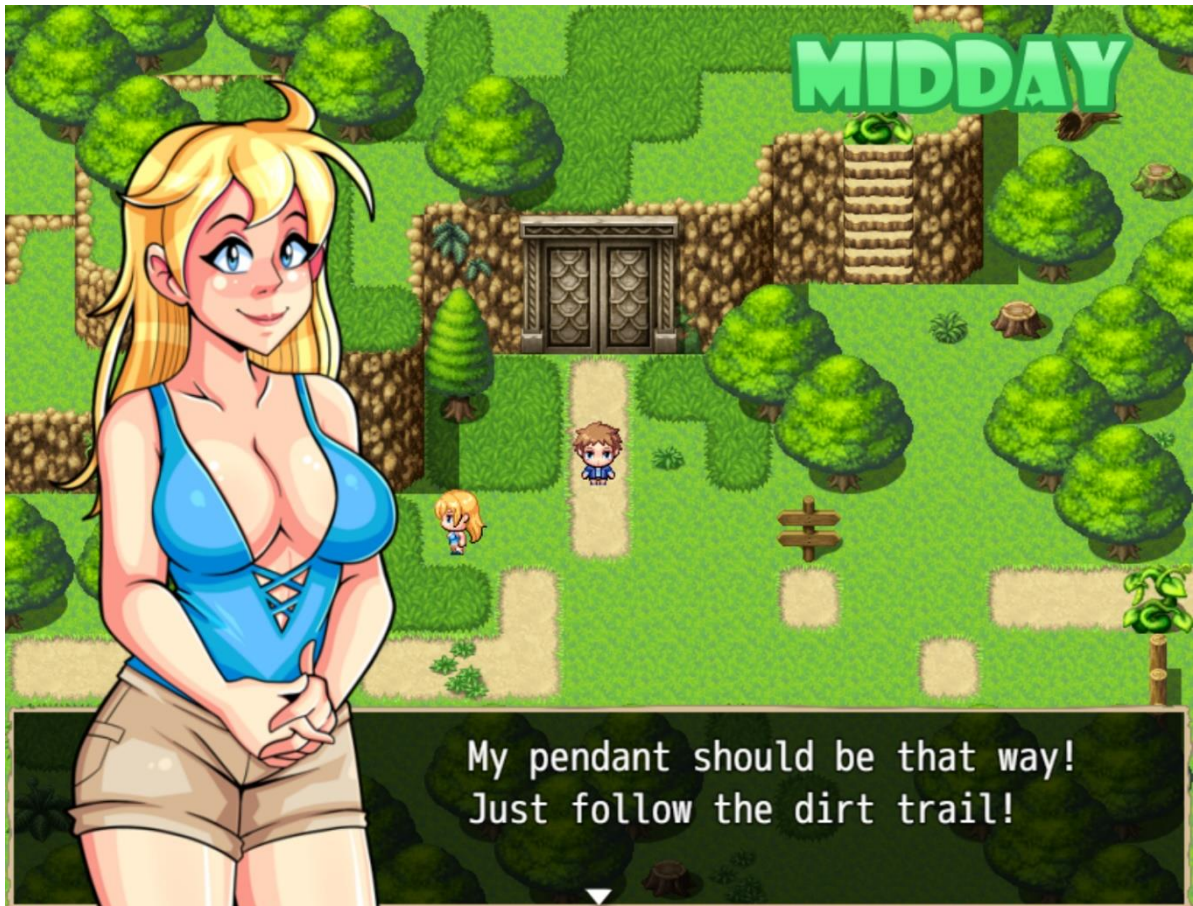

Two of the Marys (Marked by ○) will move in a box formation around the pillars.

The two on the side by the chests (Marked by ○) will only gaze up and down, be quick to get those chests without being spotted.

3 total Goddess Coins are gained.

After Heart is captured, access to **Boob-Job scene**.

- ♥ Morning: Talk to Mary and request to Explore. Or you can wait another day and get another dialogue variation in the bath.
- ♥ Midday: Go exploring. You will find Mary near the Forest on your way to Roselyn, talk to her before going.

Entering the Forest, do as she says above!

Forest Lever Puzzle:

Forest Lever Puzzle

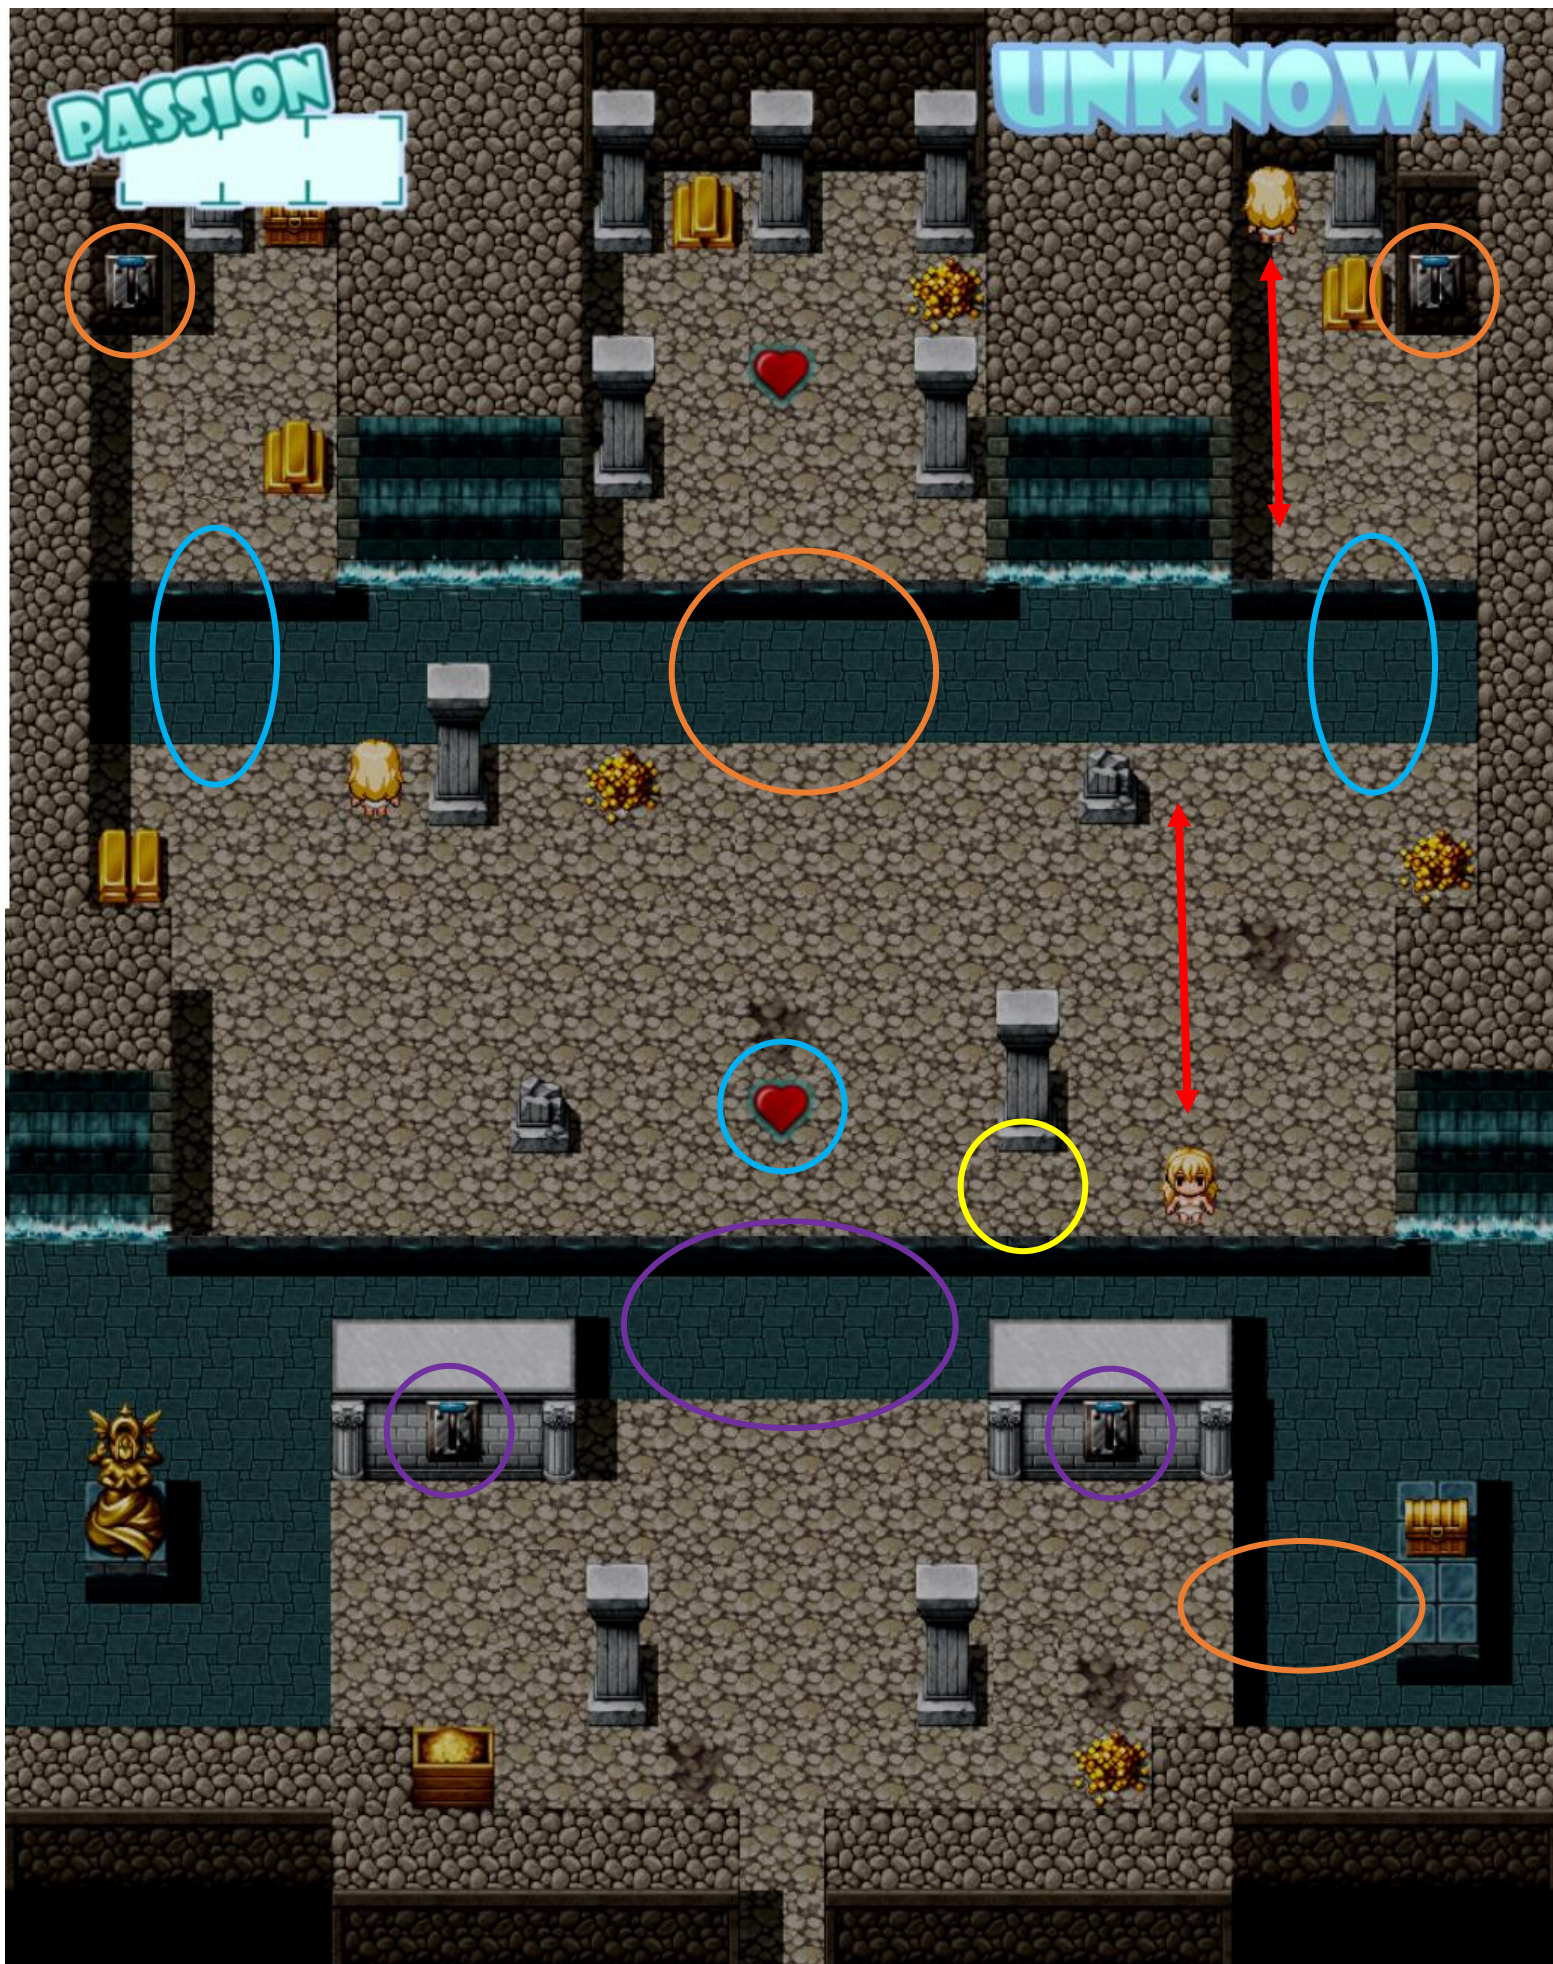

Have Mary hold down one of the levers (Marked **O**) and you hold to other to draw the bridge.

Pull the middle lever (Marked **O**) to hear a timer, after the timer sounds and a brief dialogue, have Mary pull on one of the levers above (Marked **O**), pull the middle lever again and then pull the other to draw the bridge.

Go ahead and pick up the Pendant (Marked **O**), enter a nice cut-scene and escape!

Mary will want to thank you for finding her Pendant.

Mary's mini-game #3:

The drawbridge to the first heart needs the two levers to be pulled (Marked ○).
Once getting the heart the side drawbridges activate (Marked ○).
To get to the final heart and the chest below the two levers above need to be pulled (Marked ○).
Be warned. Activating both levers, another Mary will spawn (Marked ○).
4 Goddess Coins are gained.
After the last heart is captured access to **Blow-Job scene**.

- 📖 Night: Sleep and be woken up to Mary masturbating. Check her out and go back to sleep.

- 📖 Morning: Wake up to a cut-scene. Talk to Mary about the Pendant.

Note: Third dialogue variations are available to all scenes now.

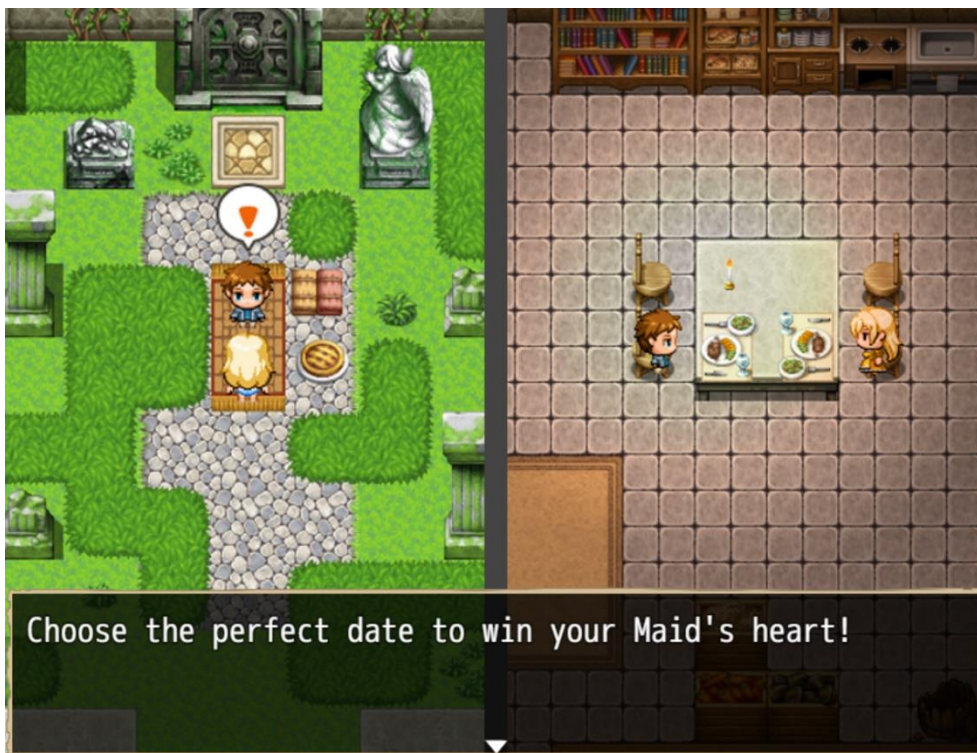

Now, this is where **Agility Level 2** comes in, if you have been curious about the sparkle in the kitchen (or have investigated it already), you will be taken to the attic and check out Mary's old diary in a pile for the answer she doesn't give you.

- 📖 Morning (same day): Talk to Mary. Go to Evelynn's shop and talk to her about the Date.

You now have 2 options for the date with the same price:

- ❖ Outdoor Date (left).
- ❖ Dinner Date (right).

Both scenes offer a different experience and cost 25 Gold each (which you should have during this Questline). Save and check both out. After making your choice, go explore in the woods with Mary for another dialogue variation. Exit Forest and go to Mary in the bath to view variations. Check back with Evelynn the next morning to purchase supplies for date, go to Mary and begin the date.

Note: If you have **Charm Level 4** you can get a 40% discount to the price of the Date from Evelynn.

Mary's mini-game #4: Since it's straightforward I don't need to give a picture like I have had with previous mini-games, at the end of the "mini-game" where there are two switches, interact with both to get a final confrontation to get the heart. 1 Goddess Coin is gained from the first chest, the second is unreachable, look to where the floor is 'weird' to reach it to get 3 Goddess Coins, gaining 4 Goddess Coins total.

After either option scenes you have finished Mary's main questline.

1+ Passion.

Extra scene #1: if you go for a bath with Mary in the evening, a new option will pop up and you unlock **Bath Reverse Riding Sex scene**.

Extra scene #2: Choosing Mary to wear her Adventure Outfit and choosing to "Sleep In" at Night will allow you to keep your eyes closed when Mary comes to wake you up. Doing so unlocks **Sprite Morning Hand-Job/Blow-Job scene**.

Threesome scene: When you have completed Roselyn's Story Questline, head to the fountain in Valencia, a cut-scene will play where Roselyn knows the relationship you have with Mary, and she (Roselyn) wishes for a threesome. To prepare for this event, go buy a bottle of wine from Evelynn, and head to the Witch in Haunted Woods to buy a candle. Speak with Roselyn in the Evening to begin the event and unlock **Double Tit-Job scene**.

If you give Mary a Bottle of Wine, there will be a little scene at Late Night.

Rose's mini-game 1:

This is Roselyn's Realm of Pleasure, the Lust bar on the right is your health, use [Vitality Tonics](#) to restore it if caught. This is where you have to be quick to get those hearts before Rose catches you... She looks hungry...

When entering, Roselyn will spawn for the first time (after a timer sounds) on the red circle (Marked **O**). After that, she will spawn anywhere else, so be careful! How to know that she has spawned is by a loud cackle.

The Hearts can be found in these areas (Marked **O**). There are a total of 3, if you find difficulty getting them, look carefully for lit areas, they do spawn at random.

Use the **red switches** when Rose chases you and she will de-spawn (Marked **O**).

The drawbridges activate once all 3 hearts are found (Marked **O**).

5 total Goddess Coins are gained from the silver chests.

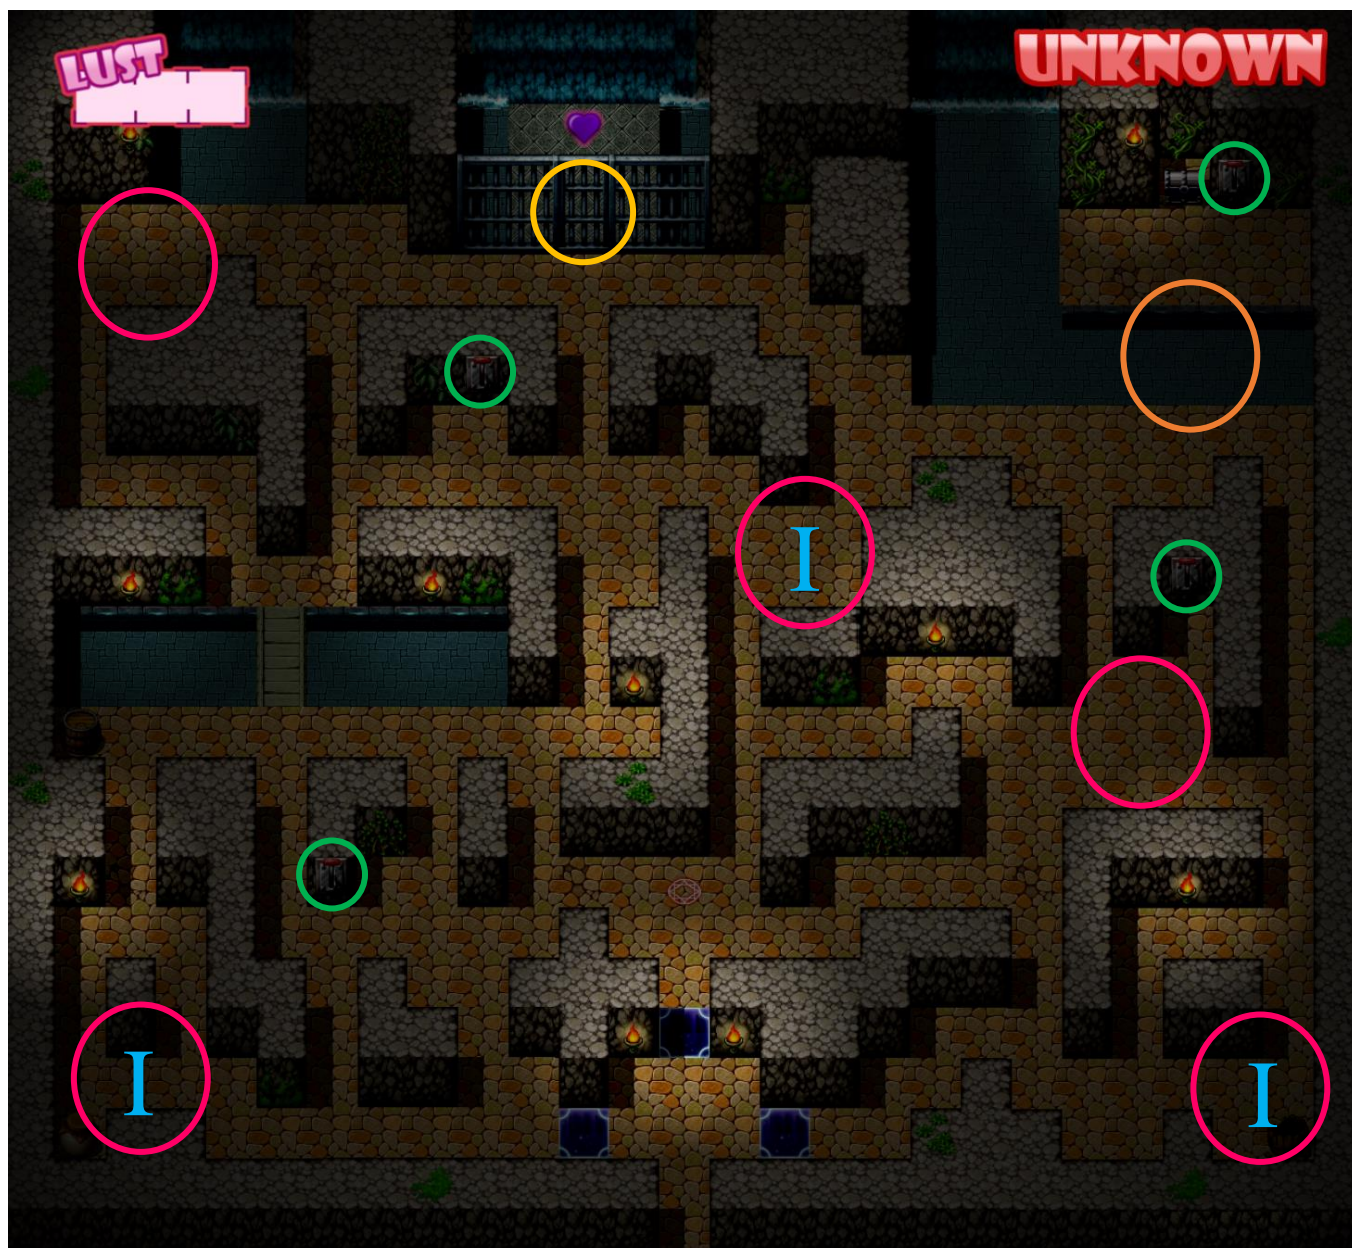

After capturing the Purple Heart, access to **Foot-Job scene**.

A 4th Heart needs to be captured to open the cage (Marked **O**).

Book Puzzle:

To get passed the barrier (Marked ○) you need to put all 4 books on their particular shelf. 2 books are on shelves, 1 on the table and 1 in the red box (Marked ○).

Here is the tricky bit. Hint: Thy shelf's neighbour holds the clue. The purple pillars (Marked ○) will disappear almost at the end of the Lust Route, the chest gives 3 Goddess Coins.

Get the book, you are now tired, go home and sleep, you can give the book in the morning. Note: Going home now is optional, you can skip the two events below if you want by just visiting Rose now.

Enter through the gate, dig up the rubble and jump into the pit. This first area should be familiar to you.

Pillar Puzzle:

This puzzle is really similar to the Tutorial/Minerva's pillar puzzle. Enter in the particular order (Marked **numbers**). 2 and/or 3 will be out as you enter the sequence. Enter the portal and be taken to another Goddess Realm, Minerva shows up.

The cave (Marked ○) has a puzzle as well.

The way to get the Mysterious Gem is by shooting a flame ball at it.

Cave Puzzle:

This puzzle is a little tricky, but not to worry, 1 simple way to bypass is getting rid of that web-like thing (Marked ○) and moving the other boxes. Move the box on the side (Marked ○) up once, next to the broken pillar, and then slip into the left-hand side. The rest should be simple! Exiting Cave resets everything. 5 Goddess Coins gained.

Wild Forest Characters

Tana

Slime Queen

[Back to Index](#)

Tana

To fully unlock everything with Tana, you will need the following Requirement:

Emerald Fragment

Goddess Slice.

Scene will be marked in **Pink**.

Recommendation: To acquire all collectables in Tana's Questline, [Evelynn's Questline](#) is highly recommended before you begin Tana's Questline.

- ▶ Morning (or Midday): Once you have gone into the Forest, go to the right (or character's left), slice the pesky vine in your way (marked O).

Moving forward an awkward (but funny) cut-scene will play with the Monster Hunter, Tana.

Talk to Tana and she will mention a mission for you, ask her about the mission.

OBJECTIVE:

Tons of overgrown vines are making it hard to explore parts of the forest. Clear down 10 vines and avoid contact with the Green Goo Girls!

Hop on down to the starting point of your mission and begin Tana's Mission 1. Use the Slingshot to stun the Goo Girls if they spot you. Take it slow and see where they point to or walk, just do not get surrounded on both sides as it means you will be caught.

Note: If you are caught and lose all energy, come back in during Midday or the following day, the vines you had cut will still be gone.

After completing her mission, a cut-scene will play, and she will ask if the Goo Girls or it was herself that made you "overheat". Either choice results in unlocking **Boob-Job scene**.

Note: If you chose Morning to start things, it will be Midday and you can begin Tana's Second Mission, otherwise if you started things during Midday you have to come back the following day to start Tana's Second Mission.

- ▶ Midday (or morning second day): talk to Tana and then select Mission for her Second Mission to begin, you will have to travel to the Goo Kingdom.

OBJECTIVE:

The path to the Goo Kingdom is clear! Head southwest and dodge all of those crazy Pink and Blue Goo Girls on the way!

Entering the Dangerous part of the Forest the blocked path is now open to you. The first sighting of a Pink Goo Girl is walking around. Here you are presented with 2 paths.

Path 1: A Pink Goo Girl will move up and down and you will have to stun her to get past, you will avoid the gaze of the second Pink Goo Girl.

Path 2: Avoid the first Goo Girl, being careful not to be in her line of sight as she moves back, be as close on the line of the second Goo Girl and just as she looks away run past.

Here you are presented with 3 Paths:

Path 1: As soon as you move into the Pink Goo Trap, do not move, wait a bit and then move forward (or you can walk beneath the trap if you so choose), the hiding Green Goo Girl (marked **O**) behind Energy Bar will need to be stunned or walked passed, your choice (her line of sight is only 2 blocks away, the small patch of grass).

Path 2: While the Pink Goo Girl looks away, approaching her you need to immediately stun her and quickly move passed, either slice the vine quickly or move around it.

Path 3: The safest path, just hack at the vines in your way, digging from the stone pile gives 6 Slingshot Pellets.

The last part is to get passed the Blue Goo Girls, they may be slow, but they are extremely hard to get off, they will take off 2 bars of Energy if you get caught. Try and get to the bridge for safety.

The Orange Goo Girl Knights stand in your way, just move in-between them for a cut-scene. If you want, interact with the Rookie Knight three times to get a sprite sex animation.

Enter the Goo Kingdom!

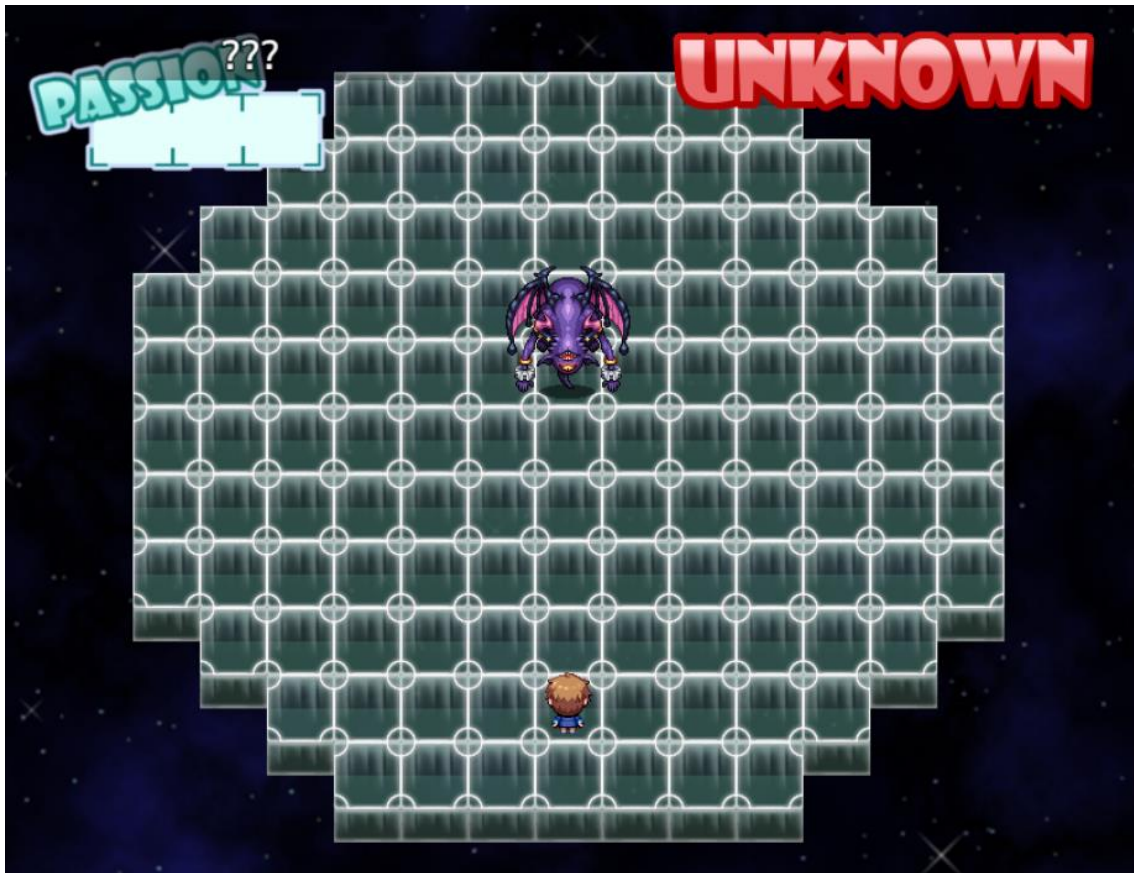

From here, the weather changes to rain but you are safe from any harm. There is a Warp Device as you enter the Goo Kingdom.

Before having an audience with the Slime Queen, there is a boulder that needs pushing (requires **Strength Level 3** and Bronze/Hera Gauntlet), the chest will give an **Intelligence Potion**.

Have an audience with the Slime Queen and then be on your way to the Boundary to stop the threat.

Cut the Vine to get 2 Goddess Coins from the green chest (marked **O**).
Interact with the Shadow Vortex to begin cleansing the Boundary.

In this new area, just stand still until a cut-scene plays and you will gain a power-up to defeat the Monster. Do not worry about being hurt, just shoot the bastard five (5) times!

After defeating the Monster, head back to the Slime Queen. She will thank you and will unlock her **Gooey Reverse Butt-slam Sex scene**. Interact with the slimes if you want dialogue. Head back to Tana, or rest up for the day first, for your last mission.

Talk to Tana before the mission and then ask her about the mission.

Halloween Horror

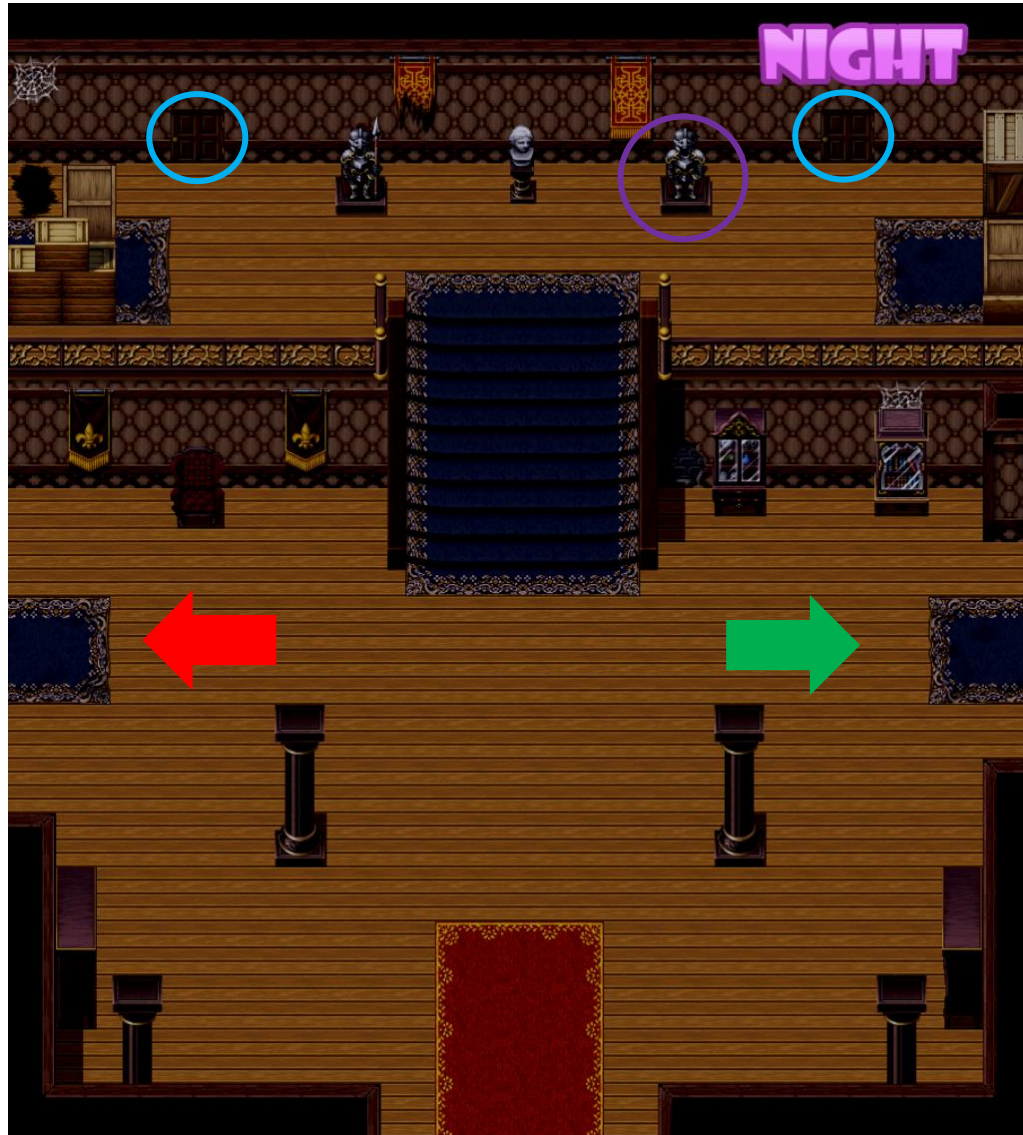

HALLOWEEN HORROR!

After hearing a haunting tale, a group of brave villagers decide to explore an abandoned manor in hopes of saving a troubled soul in spirit of Halloween!

REQUIRED

- Blonde woman: 3 hearts (2 pink, 1 blue)
- Pink-haired woman: 1 heart (pink)
- Brown-haired woman: 1 heart (pink)

Our tale begins with Raylene scaring everyone with a Horror Story about the Manor in the Haunted Woods, and after much debate about whether the story holds truth or not, you all decide to investigate the Manor in the Haunted Woods.

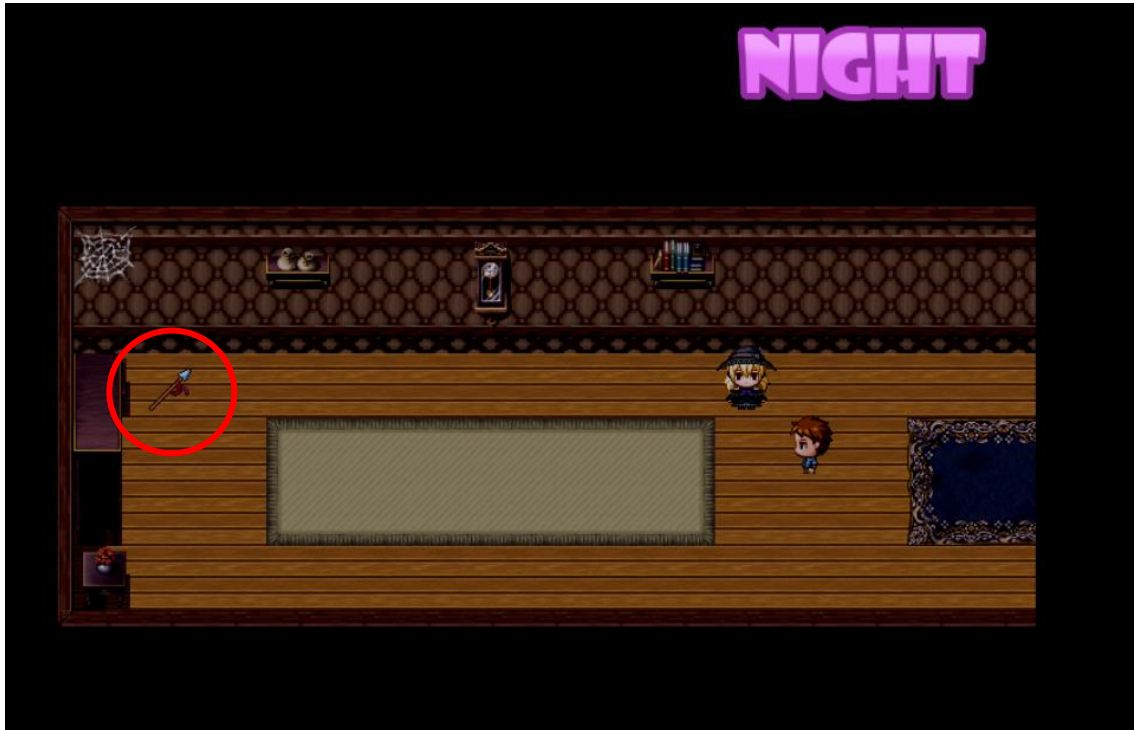

Haunted Manor:

The Manor has four places to see, the West Hall (Red Arrow), the East Hall (Green Arrow), and two locked doors (Marked O).

Take note a Suit of Armour with no Spear (Marked O).

Once inside the manor and a semi-long scene, go to the West Hall with Mary, a ghost will appear briefly.

After a short cut-scene. Talk to Mary, she will also give a slight hint when you choose “help” option. Pick up the spear (Marked **O**) and go back to the Main Hall. Place the Spear on the Suit of Armour. A Wisp will appear and open the first locked door.

Note: From here you do have two (2) routes you can take. Both do add up to the same path in the end, but I recommend you save and see both. The first route is being taken for this guide, the other has not. To get the second route, ignore the spear above and just go to the East Hall to then go underground after cut-scene.

Enter the room and interact with the Wisp, it will want to play a game with you.

This is a memory game consisting of two (2) rounds, just memorise the doll eyes and repeat them, the first round three (3) eyes need to be memorised and second round five (5) eyes. The Wisp will “run” away out the room and you follow.

Mary will call for you when you exit the room, and so go to her, calming her down. From here is 2 different events, if she has just 2 Hearts you access **Thigh-Job scene**, if 3 Hearts you access **Standing Doggy scene**. Talk to her again.

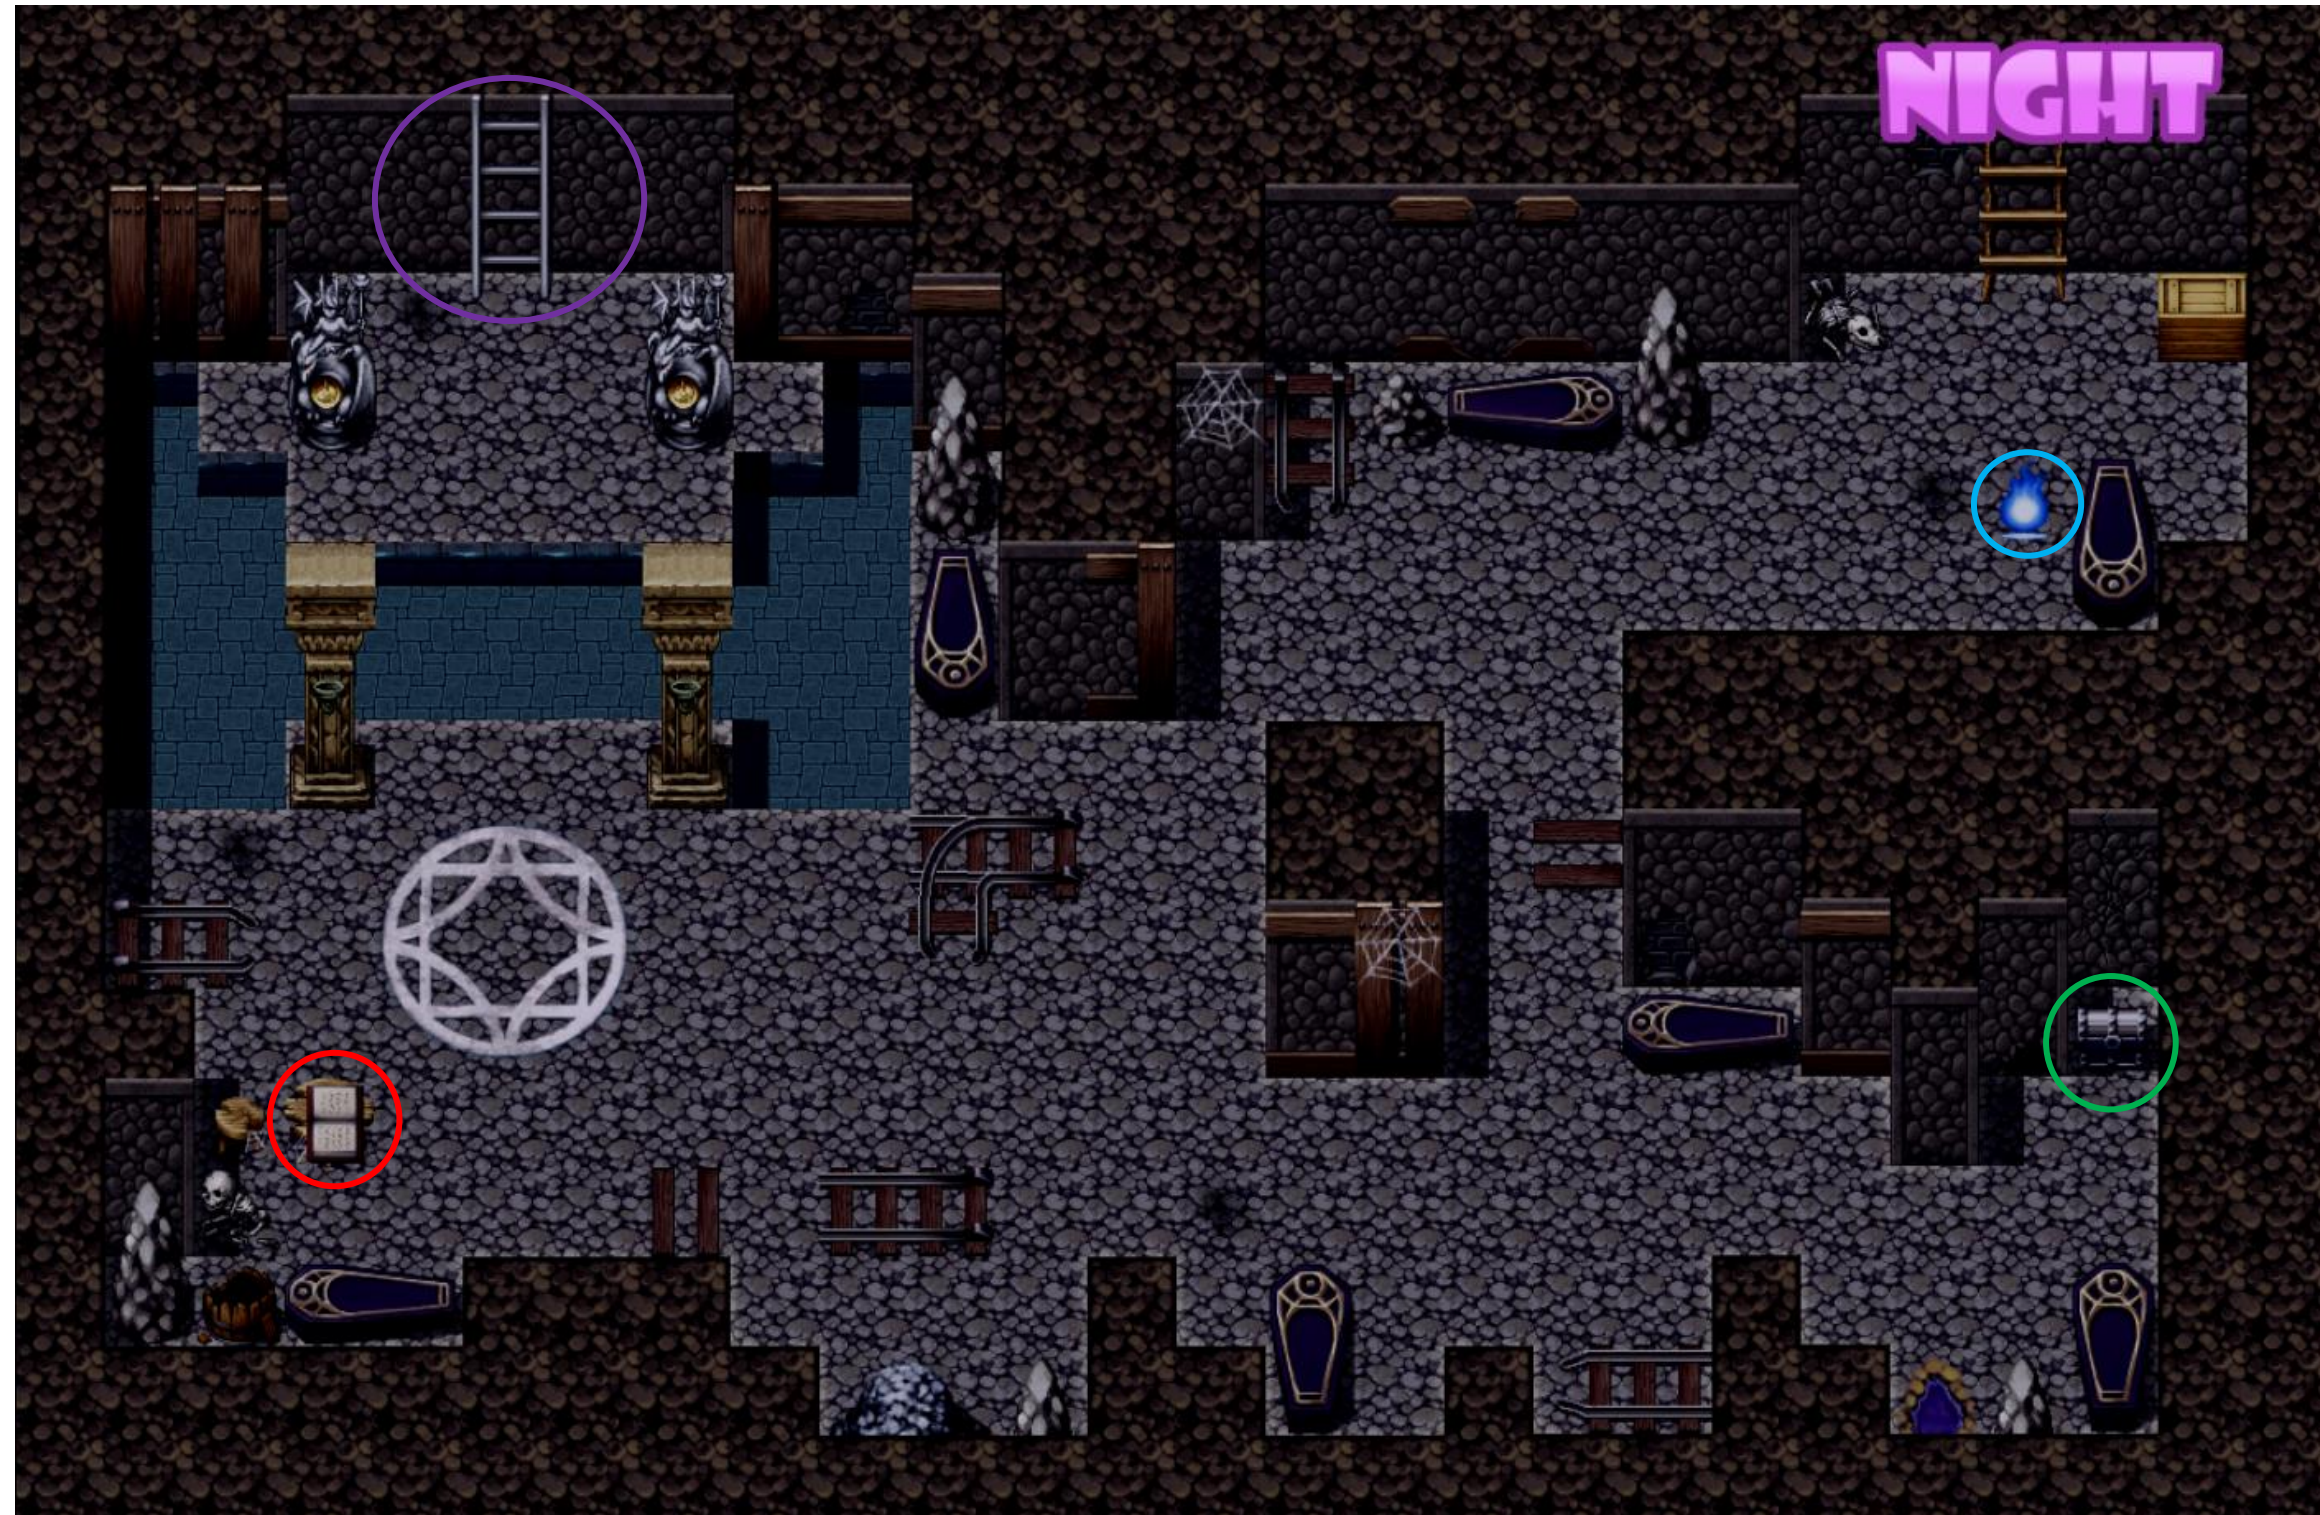

Note: The 3rd Heart scene IS the Blue Heart content.

Go to the East Hall (where Roselyn and Raylene went when you all entered the manor) to be taken outside.

A cut-scene will occur. Interacting with Rose after cut-scene, she will ask whose costume you like, choose any (save before interacting to see different dialogue responses). Talk to Raylene too. To the right of them is a stone pile (Marked by ○), shovel that pile away and go down the ladder.

Catacombs

Hide-and-Seek Puzzle

There are two rounds the Wisp (Marked ○) will want you to play.

If you fail twice in the first round the timer will increase from 10 to 20 seconds.

If you fail twice in the second round the timer will increase from 16 to 30 seconds.

The first round will only have 4 coffins in 2 sequences, the second round follows 1 sequence with all coffins.

In the Silver Chest is a **Strength Potion** (Marked ○).

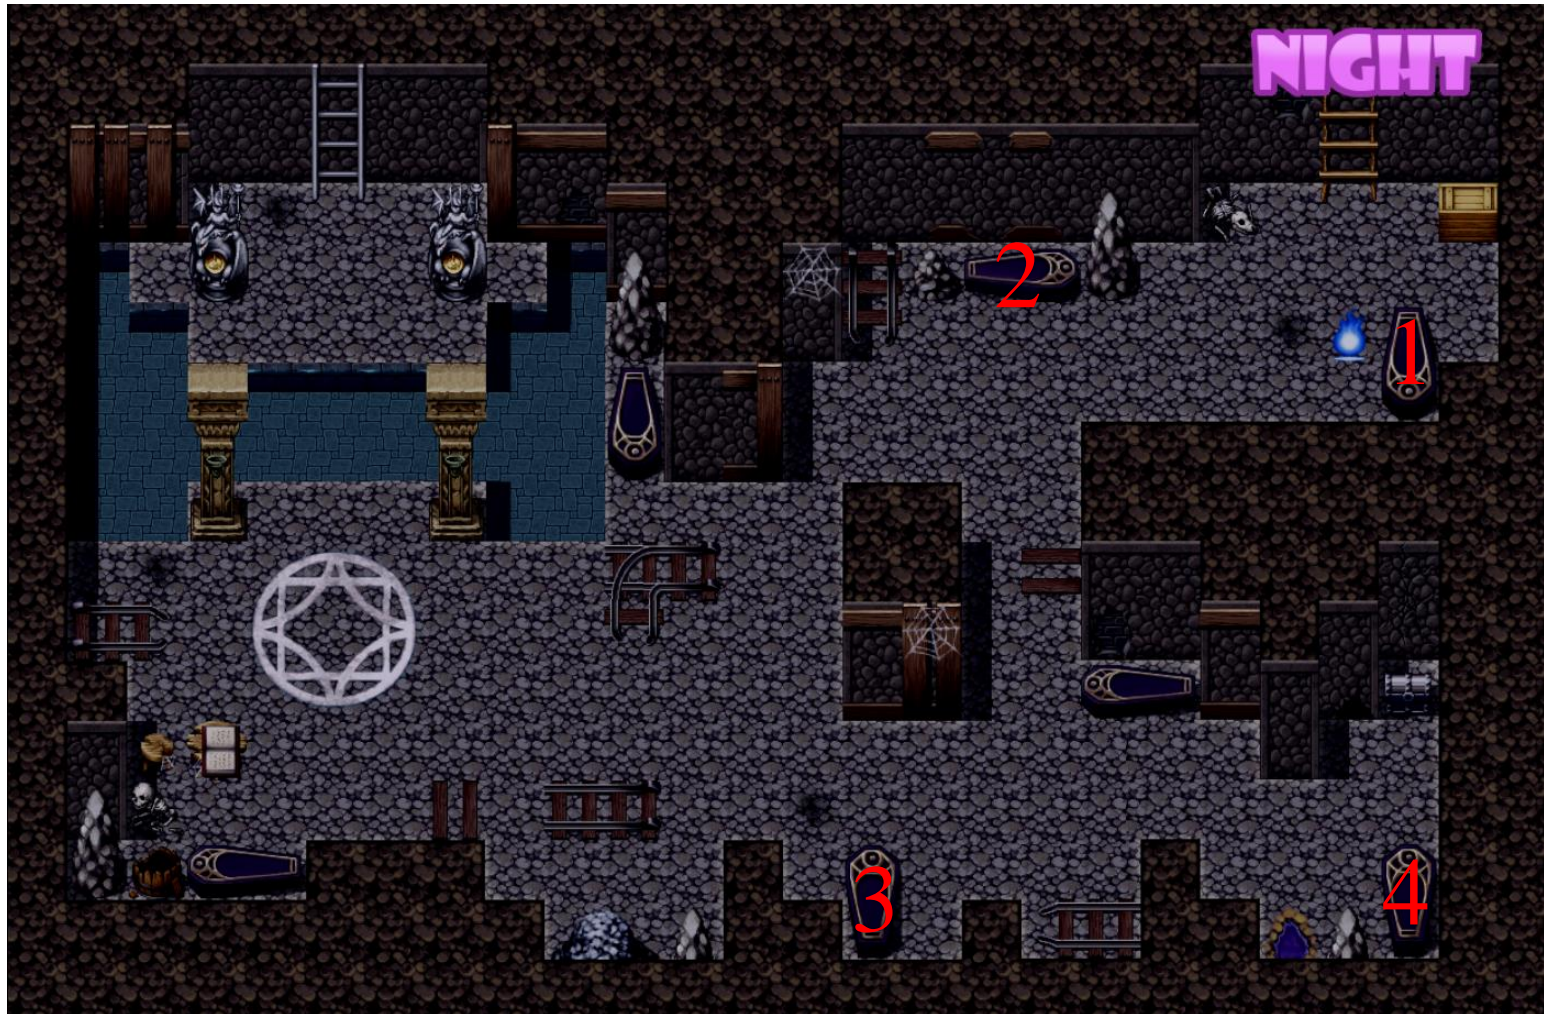

Ladder takes you to a key (Marked ○).

Do read the book (Marked ○) for a small bit of lore.

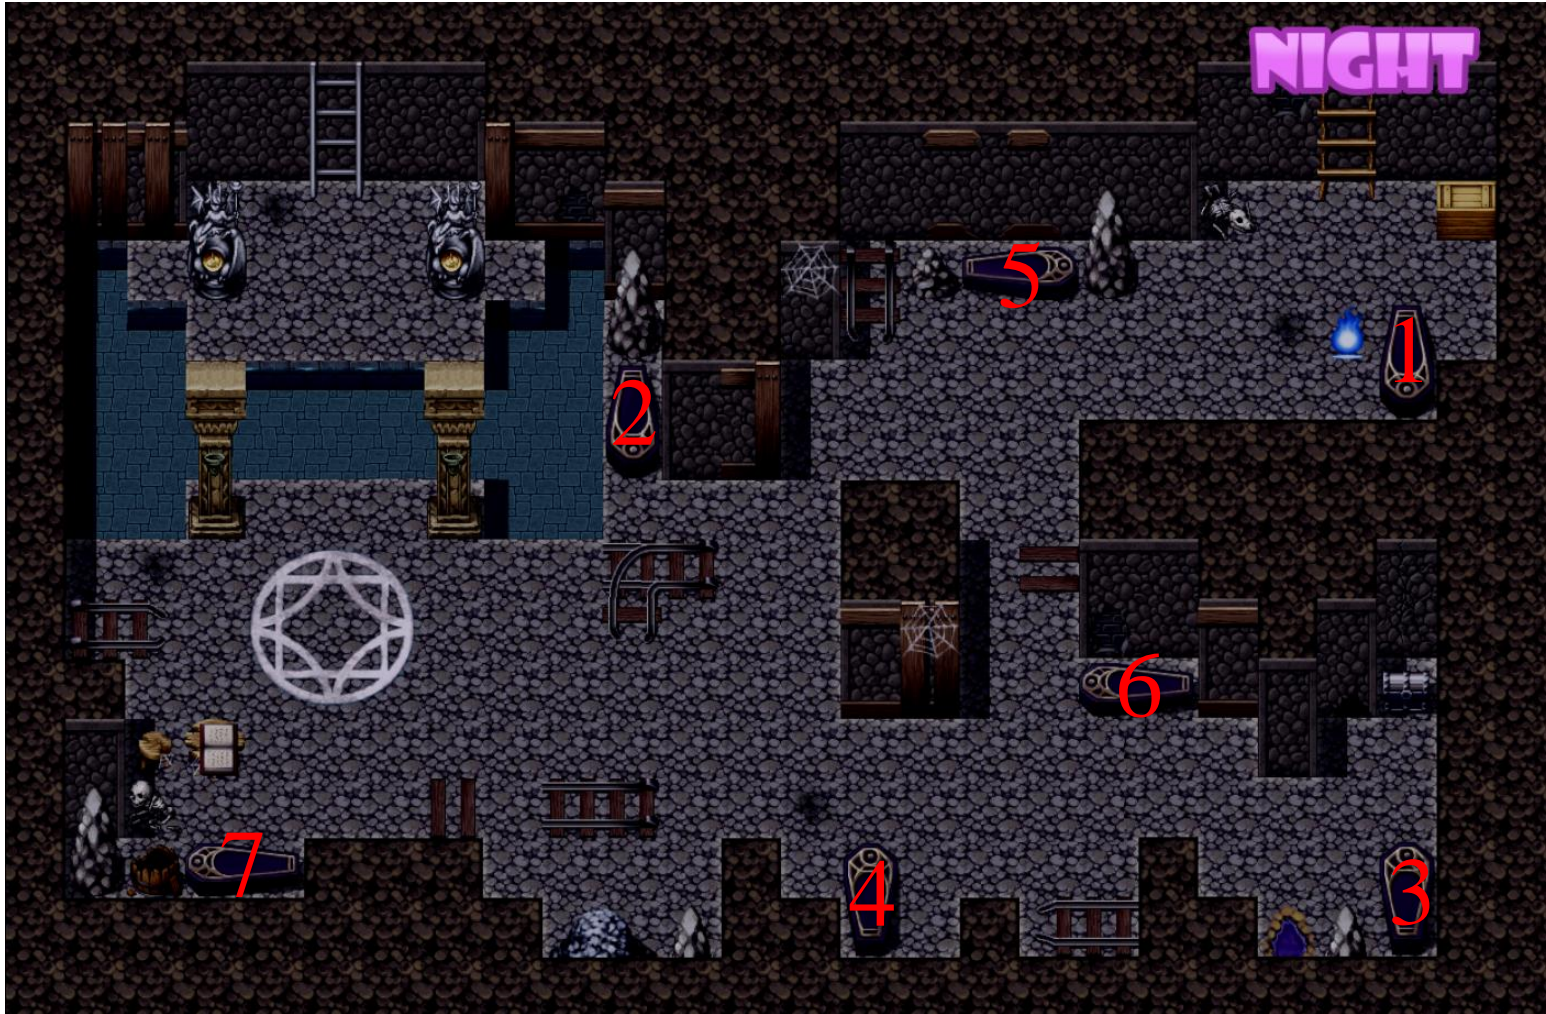

Catacombs Round 1 Sequence 1

Catacombs Round 1 Sequence 2 if lost Sequence 1

Catacombs Round 2 Sequence

After you completed both rounds, you will hear a scream upstairs, investigate. Turns out Rose and Raylene gave you the one up, after a small cut-scene you access Raylene and Roselyn's **Hand-Job duo scene**.

Go back downstairs to where a bridge has elevated with both Wisps, the Ghost Girl, Maria, appears and thanks you for finding her friends (the Wisps).

The key (Marked **O**) to her room is up the ladder past the bridge, once you retrieved it, go to Maria's room (second locked door) for a small cut-scene and then access Maria's **Riding/Cowgirl scene**.

After this the tale ends by you keeping the secret of the Ghost Girl.

All costumes gained from this story can be worn by accessing the wardrobe of the characters.

Mary's Witch Costume.

Roselyn's Cat Costume.

Raylene's Vampire Costume.

The scenes can be re-played by interacting with the characters in their costumes at Night or by entering the Halloween Horror tale again.

Salacious Sakura

The title card features the text "SALACIOUS SAKURA" in large, stylized, colorful letters (green and pink) with a pink cherry blossom graphic. To the right is a screenshot of a game scene showing a golden statue of a goddess in a garden with blue water and potted plants. Below the title, there is a paragraph of text and two character portraits (Mary and Roselyn) next to a "REQUIRED" section containing two rows of heart and 'T' icons.

With the beginning of the Spring season in Valencia, a traditional flower ceremony turns into a not so traditional adventure into the mysterious Sakura Forest!

REQUIRED

Two rows of icons: the top row has three hearts and the bottom row has three 'T' symbols, each enclosed in a bracket-like frame.

Our tale begins going to a Flower Ceremony, paying homage to the Goddesses, however you did not get a flower to offer. Making both Mary and Roselyn mad, but their anger did not last long as a rift suddenly appeared, although Roselyn was hesitant to explore where it led to, that however did not stop you nor Mary from entering and thus she followed behind.

Upon entering you all find yourselves in a different place, known as the Sakura Forest, just in time for a Ceremony to begin. Minerv – A Tree Sprite appears telling of the Ceremony and it is up to you to find the Passion Bunny (Mary) and the Lust Bunny (Roselyn) within. Thus, your hunt begins!

Enter the Forest (indicated **Red Arrow**). You can also go back via the portal (Marked **O**) to exit the tale.

Sakura Forest

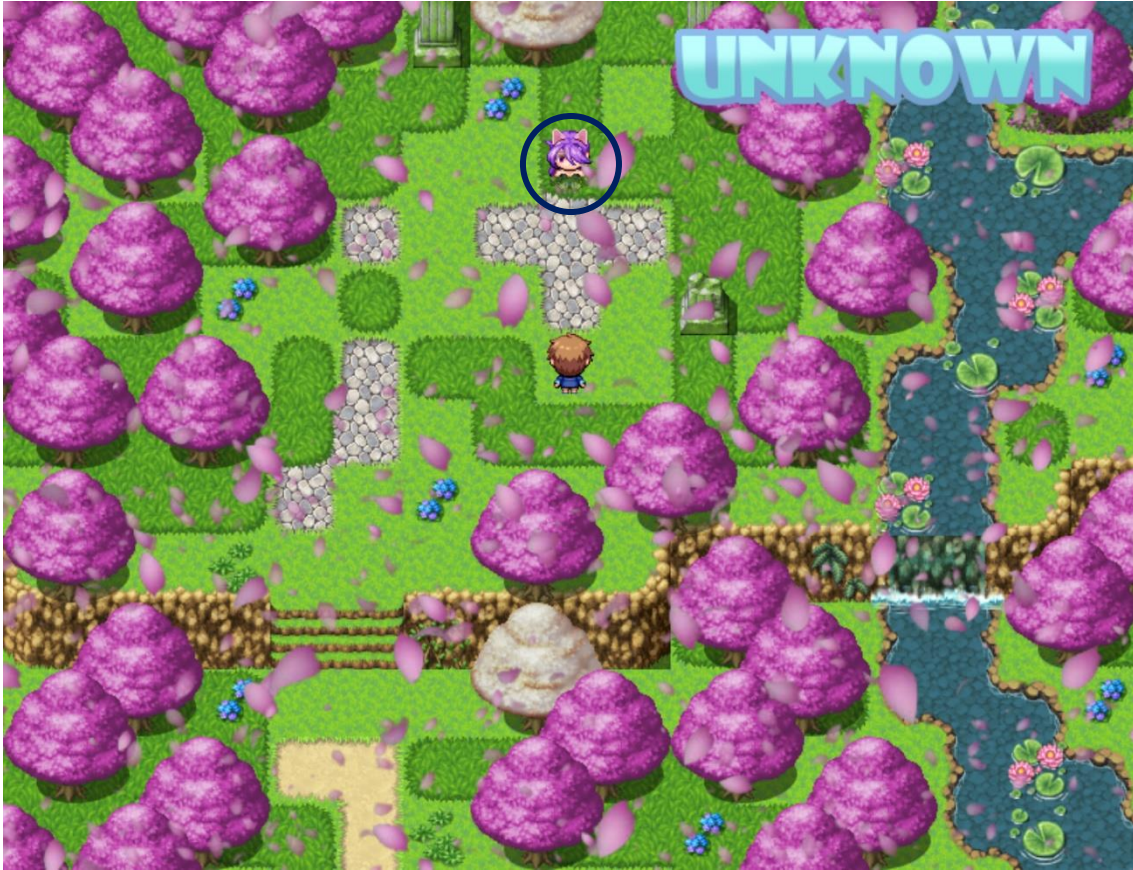

From here is a puzzle, interact with the wall plate (Marked O) for information. Interact with the Orb to change the layout of the Forest (Marked O), and considering the Order of the Orb, the paths has been written below in accordance to that.

Gold Path (follow the Yellow Daffodils): start off with going Left, Up, Down (the next area after Down will have a vine to cut with a pile of stones that give 2 Goddess Coins), Right and you will have found the Passion Bunny (Marked **O**).

Interact with her then exit, revisit the path and you will get an **Intelligence Potion**.

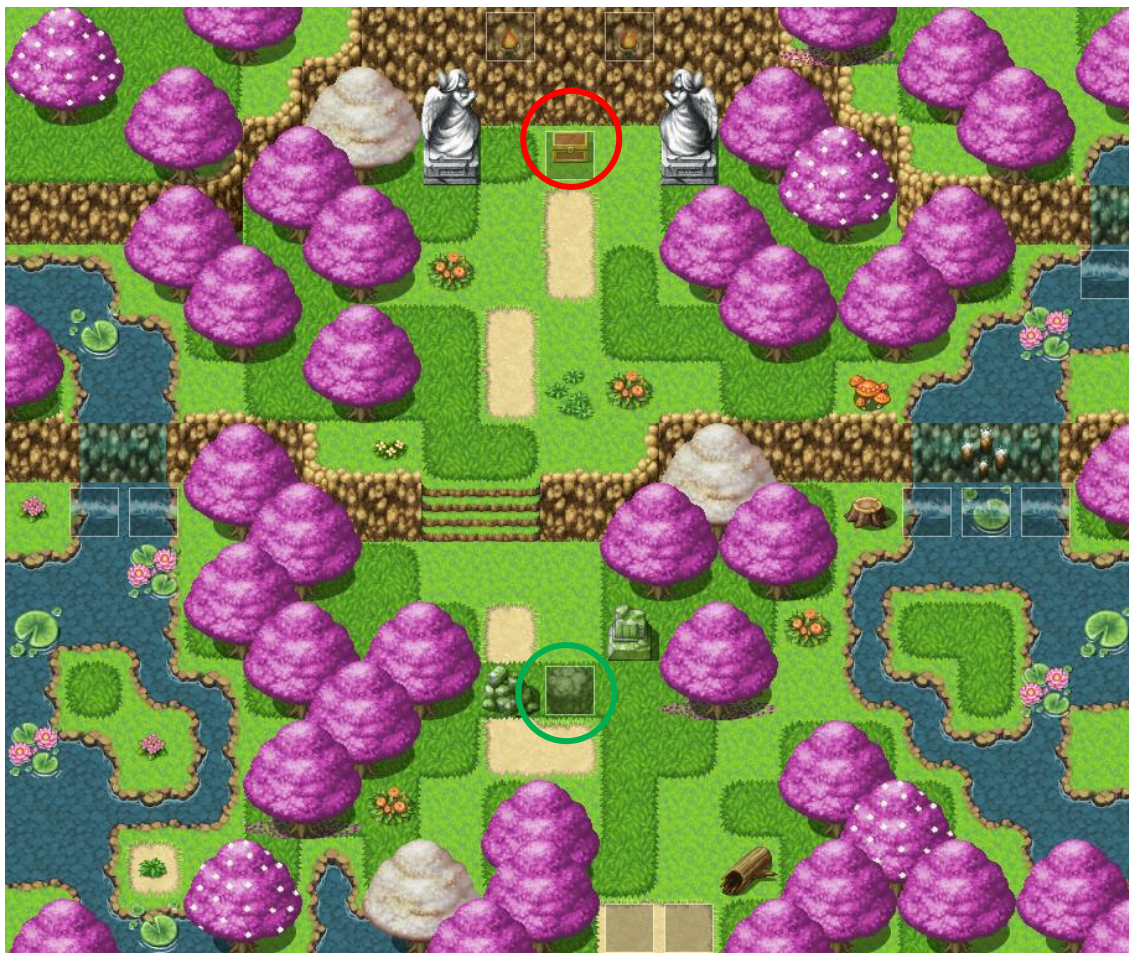

Indigo Path (follow the Blue Hyacinth): start off with going Up, Right, Right, Up and you will have found the Lust Bunny (Marked O).

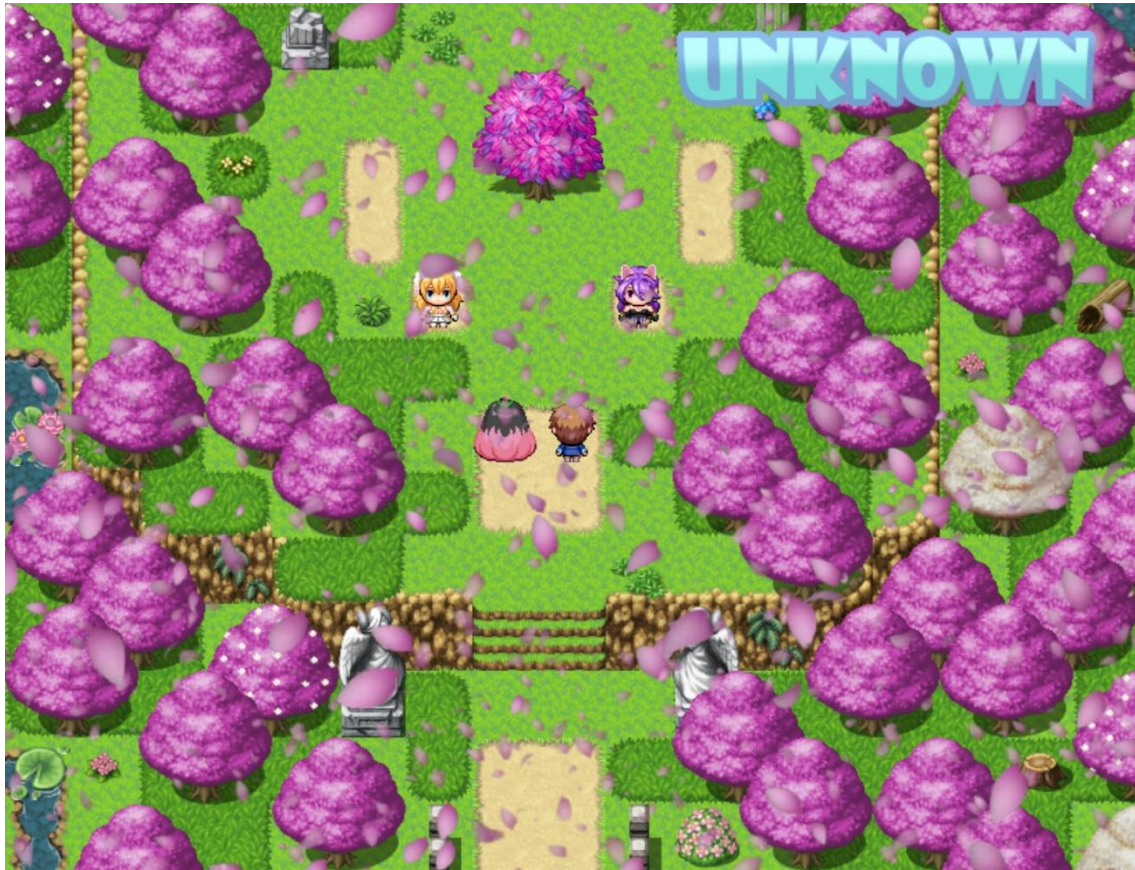

Interact with her then exit, now that you have found both Bunnies, the Tree Sprite will appear to tell you to go to the Unification Tree, which can be in Crimson or Jade Paths.

Revisit the Indigo Path before you take another path to get a **Charm Potion**.

Crimson Path (follow the Red Roses): Start with going Right, Left, Left, Left, Down and you will have found the Carrot Charm (Marked **O**). You will need the Gauntlet of Hera to move the silver boulder out the way (Marked **O**).

Jade Path (follow the daisies): Start with going Left, Down, Right, Up and you will have found the Unification Tree. **Note: Save before the final Up so you can see both choices.**

Access to **Mary/Roselyn's Bunny Blow-Job scene**. After you have completed the Unification Ceremony, exit to change the Orb to the last entry: Sakura.

Sakura Path

Sakura Path Puzzle

The final trial is getting through this area, since you have gone through the Unification Ceremony the Sakura bushes blocking you will disappear (Marked **O**).

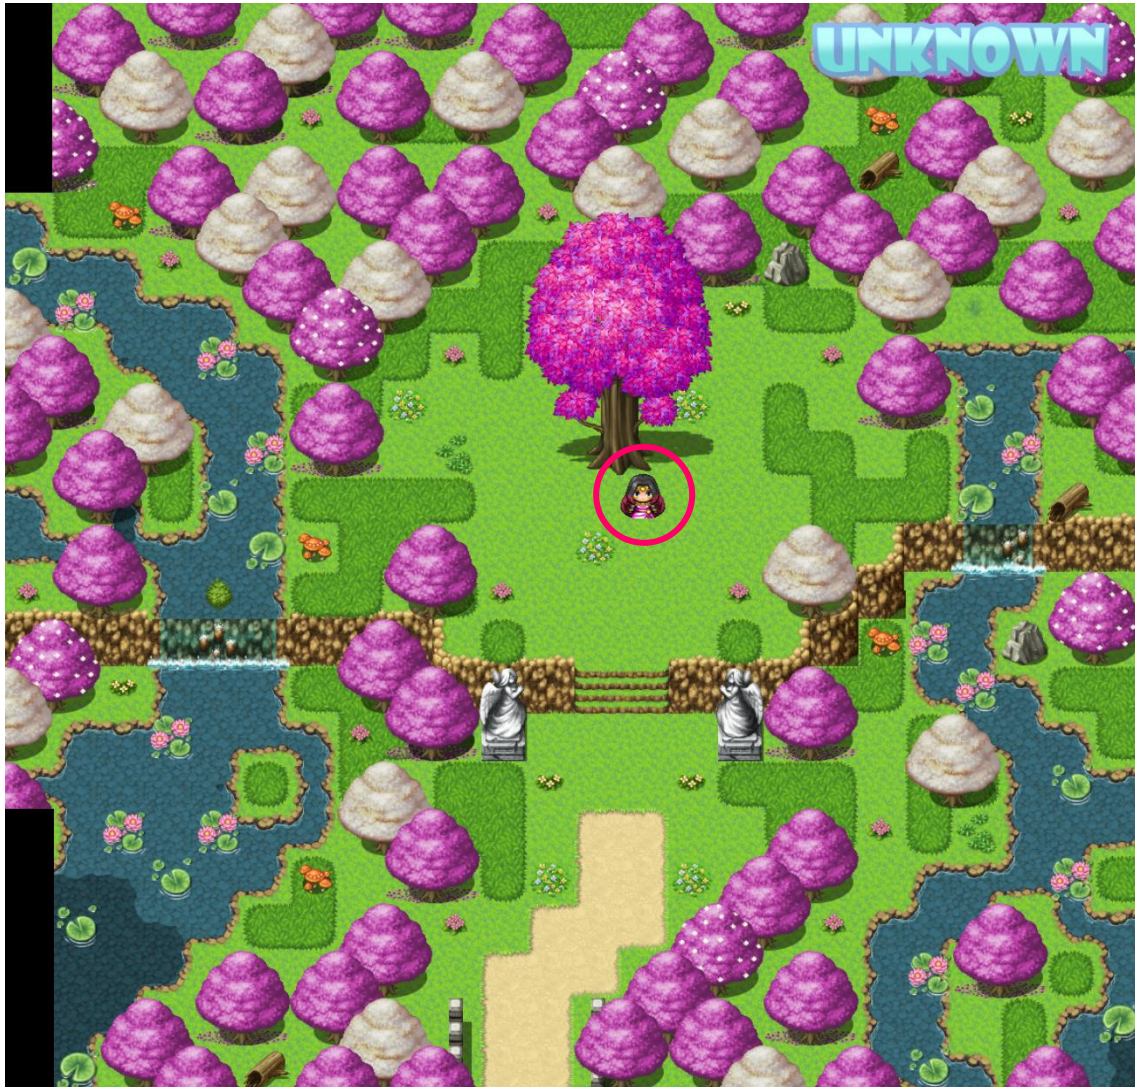

Get rid of all the Vines in the area (Marked **O**).

To get rid of all the blocking Sakura bushes you need to interact with the pillars (Marked **O**). Each Pillar rids its own Sakura bush (Marked by **numbers**).

Read what each Pillar asks, pillar 1 will go with the plant (Marked **O**). Pillar 2 will give questions on Primary and Secondary Colours and Pillar 3 will ask on Observations.

To get passed the Rock (Marked **O**) you will need to interact with the Goddess Statue. Use the path you have created to quickly cross (you have 4 seconds! Hop to it!).

Now that you have completed the puzzle, interact with the Tree Sprite (Marked O).

Access to **Minerva's Standing Doggy scene**. Once the Ceremony has been completed, you have finished the Salacious Sakura tale, Mary and Roselyn will not remember what happened thanks to the spell.

Costumes unlocked:

- ✿ Mary's Bunny Costume.
- ✿ Roselyn's Rabbit Costume.

Bosom Beach

When Evelynn stumbles upon an abandoned ocean front, she can't help but see the once in a lifetime business opportunity. It's time for a vacation!

There are numerous ways you can get everything in the tale, but there is a way I recommend (though slow) to get absolutely everything. First up go Pool Hopping (marked ○) with any of your two guests and then buy a “cheap” gift to give one of the guests you cannot get to spend time with at the Resort Shop (marked ○) and then Pool Hop with the final guest.

The next day go interact with Haru or Akane and select a new option “Relax?” and unlock **Haru/Akane Double Blow-job scene** (remember to say they both did a good job).

Go on a date with the final guest you did not go on a date with. Now that you have successfully satisfied all guests at the Resort, you can purchase two new items at the Resort Shop. Buy the new items and rest up for the day. In the Resort, select the new option “VIP Room”, you will unlock **Mary/Evelynn Threesome Sex scene**.

Note: Choosing between either Mary or Evelynn results in one getting a boost to satisfaction and the other not so much.

The following day you can party up with a guest and take them to the Love Suite for threesome sprite scenes. There are many scenes to choose from, others result in the maximum satisfaction for your guests, others not, experiment and see ‘em all!

The Restricted Ticket at the Resort Shop allows you to see a Tit-fuck Sprite scene with an Octopus Monster Girl, interact with the Octopus Monster Girl again and choose a new option “Endure” for an extra variation.

The title card features the text 'ARCTIC ALLURE' in large, stylized letters. 'ARCTIC' is white with a black outline, and 'ALLURE' is teal with a black outline. The text is surrounded by blue snowflake graphics. To the right is a screenshot of a game scene showing a snowy courtyard with a blue dragon on the left, a dark blue creature in the center, and a pink creature on the right.
